To,

The Executive Director,  
MIMSR Medical College,  
LATUR.

**Subject:** Permission to conduct Personality Development Club activities on periodical basis in more refined way.

Respected Sir,

In today's modern world there is a great need for expediting overall development of individuals transforming them into principle centered leaders of society. For this reason, we are requesting you for conducting PD club activities on regular basis which **focuses on character with competence** to bring out the latent potentiality in an individual in a remarkable way.

The cut throat competition of the modern world demands a lot on improving one's competence, however it is heartening to know that not a lot of attention is given to the development of character of an individual. This has resulted in a lack of peace of mind in the modern youth, who are suffering from the problems of stress, anxiety, hypertension, mental trauma, self-destructive habits like drug addiction & untimely suicides.

Our noble goal is to reach out this wisdom

- 1) *To save the youth from degradation to bad habits,*
- 2) *To live a noble life of character,*
- 3) *To fulfill one's academic duties without distraction,*
- 4) *To sharpen multifarious skills and*
- 5) *To pave way for a brighter future of India.*

We have observed tremendous progress in Academics as well as positive transformation in the attitude of our friends and other students in our institute through some of the club events. We have also witnessed a considerable decrease in students taking to bad habits after the introduction of PD CLUB. Now we want to conduct club activities under the guidance of our college faculties in more structural/reformative way on periodic basis within the premises of our institute for all sensitized MBBS students.

In our opinion, seeing the success of previous few activities of the club, such seminars courses in our esteemed institute on *regular* basis will add to the overall personality development of students.

The CLUB activities on larger scale include:

1. A sensitization meeting of all MBBS students
2. Pre Workshop assessment test for voluntarily committed students.
3. Weekly 1-2 hour session with practical activities
4. First review of the workshop after 30 sessions
5. Once in 3 months a holistic visit.

All the activities will be conducted without disturbing academic schedule.

For above activities we require:

- College/hospital facilities -instruments for conducting tests etc.,
- An especially dedicated hall with projector, sound system, chairs etc.
- For guest speakers (once in a month) -travelling expenses and honorarium.
- Monetary fund/assistance for printing and sanctified food.

(More details mentioned in PD CLUB brochure)

To conclude, we can confidently say that this will certainly help students to learn & practice better & refined values & mold them to be successful leaders of clean character & competence.

Thanking You,

Yours sincerely
